

At OnePath®, *WE'RE HERE TO HELP*

After you enroll in OnePath, you will be assigned a dedicated Patient Support Manager who will be your main point of contact throughout your treatment journey. Your Patient Support Manager will work with you one-on-one to make sure you have access to your prescribed Takeda medication. He or she will help you navigate many different aspects of your therapy, from insurance and financial options to training and prescription fulfillment.

Niki,
OnePath Patient Support Manager

OnePath is a helpful resource designed to provide eligible patients and their caregivers with product support.

- ✓ OnePath provides a range of product support services throughout your prescribed Takeda treatment journey
- ✓ Helps navigate the health insurance process
- ✓ Help find information about financial assistance options
- ✓ Coordinate medication delivery with your specialty pharmacy*
- ✓ If requested, sets up infusion or injection training and services*
- ✓ Informs patients about additional resources to explore

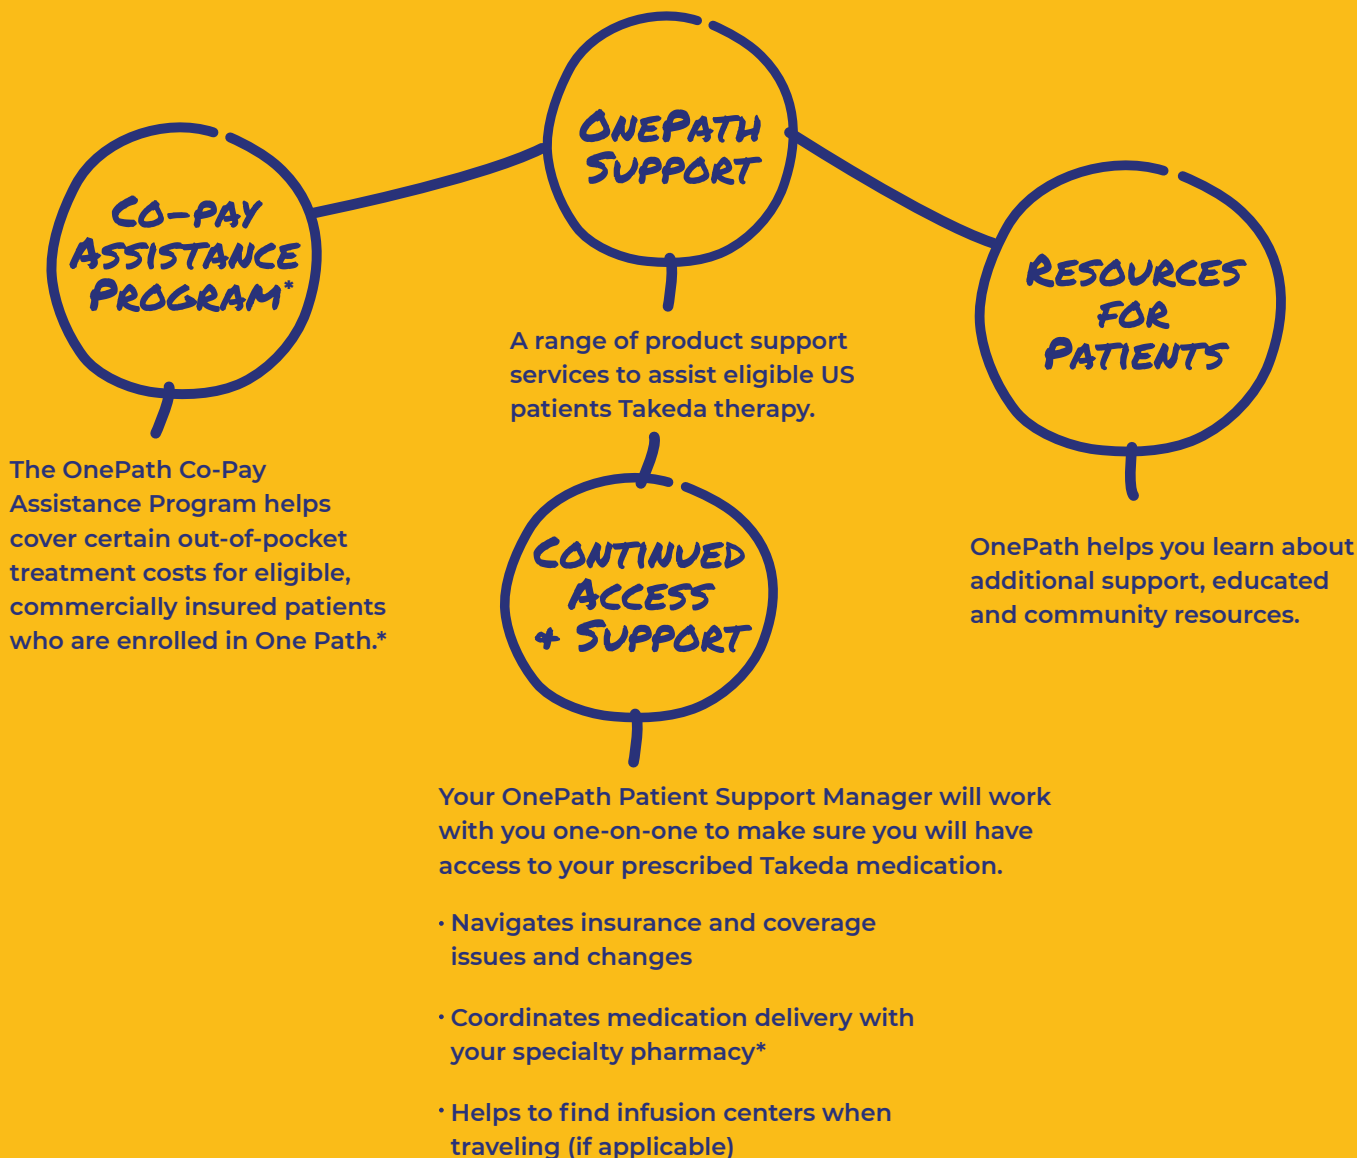

*Applies to certain products only

[OnePath currently assists patients affected by type 1 Gaucher disease, hereditary angioedema (HAE), Hunter syndrome (MPS II), hypoparathyroidism, alpha-1 antitrypsin deficiency, primary immunodeficiency, and short bowel syndrome in gaining access to the Takeda medication prescribed by their physician]

OnePath Connects You to the Services You May Need

Takeda and OnePath are committed to providing personalized product support services to patients and their caregivers.

* Please contact OnePath for full details regarding Program restrictions.
Federal/state beneficiaries are not eligible for the OnePath Co-pay Assistance Program.
